Amendments to the Specification:

Please add the following paragraph after page 1 line 10:

Computer Program Listing Appendix

A computer listing is included in a Compact Disc appendix in the attached CD ROM

(quantity of one) in a file entitled Appendix.doc, and is hereby incorporated by reference in its

entirety.

Please replace the paragraph starting on page 9, line 17 as follows:

As shown, instructions 410 440 of a complex field themselves may contain arbitrarily

rich content, including other fields. Accordingly, ML for a complex field includes the definition

of two empty elements such as fldChar **410** and instrText **420**. Element fldChar **410** marks the

beginning of the field, the boundary between the instructions and the result, or the end of the

field, depending on the value of its fldCharType attribute **430** (e.g., "begin", "separate", "end",

etc.). Element instrText **420** contains the ML markup for the arbitrarily rich instructions of the

field.

Please delete the paragraph and code listing starting on page 10, line 9 and extending through

page 17, line 38.

Please replace the paragraph starting on page 10, line 7 as follows:

The attached appendix is a listing of following is an exemplary portion of schema

for generating the fields, in accordance with aspects of the present invention.
